

CONVERSATIONS ON

Wellness

ELEVATE

Inspiration is important. Finding hidden truths within ourselves is amazing. But there are some truths which can only emerge through dialogue and consultation.

Having meaningful conversations and building collective visions is like a super-power that enables us to build fellow-feeling, uncover solutions to problems in our daily lives and communities, and design paths to action which allow us to work together to really improve things; even if the steps are simple, even if the challenges seem great.

With this in mind, Elevate would like to give you a couple of questions which might help kick-start a conversation about this week's theme. These questions might be explored as a group after collective worship, around a family dinner-table, or on your daily walk-and-talk phone call with your best friend. However you choose to explore this theme, whichever questions strike a chord with you, we hope that you will enjoy the new understanding and actions that result from your journey!
